

4th - 9th February, 2019

ASSEMBLY BY YEAR 5A

Thank you to 5A for an informative and exciting assembly last week about the Solar System and our planet. The children showcased their rapping skills and also shared some fantastic pieces of creative writing.

AMBROSOLI JAMBOREE GAMES

Football Jamboree success, GEMS Year 2 students learned new skills, made new friends and enjoyed fun games with Rainbow and KISU. Thank you to all the parents who came to support, and to Ambrosoli for a well-organized event.

CHINESE NEW YEAR CELEBRATION

Thank you to all of those people who came dressed in red on Friday, to mark Chinese New Year and the Year of the Pig. This represents luck, overall good fortune, wealth, honesty and general prosperity.

LA BISTRO UPDATE

We had a food committee meeting on 8th February, where we agreed to mix up all the different themes instead of "traditional Tuesday/ vegetarian Thursday" among others. This is to avoid days being black-listed by the students. The other was to try other ways of incorporating vegetables in the food. New ways like making purees and grating vegetables and sprinkling them in Pizzas. Also, the Food and Beverage Manager will make a presentation to CIPA this week Tuesday. The Secondary assembly has also prepared a very informative presentation on wastage of food. Lastly, we have received the quotation for the Kitchen Hygiene audit to be carried out this week.

SCHOOL OPERATIONS UPDATE

Kind reminder to keep our students safe by allowing security checks both at entry and exit gates to be conducted smoothly. Driving slowly through the car park and proper parking of cars in the right designated places. Ensure students are collected on time and to also help keep the gate at EYFS gate closed.

GEMS CIK TO HOST THE NTARE LIONS LEAGUE

CIK will be hosting the Ntare Lions League as they embark on their 10th Season. The league is Uganda's Premier soccer league that brings together teams from NTARE SCHOOL's 60+ year old heritage. In our ongoing partnership with them, we believe they will engage both our parents under CIPA, CIK staff and students to build on values of sportsmanship, team spirit, hard work and pursuit of excellence, as well as understanding the long-term benefits of living a healthy lifestyle.
